

Marine Specialists

Cunningham Lindsey provides marine survey and loss adjusting services to insurance companies, brokers, owners, lawyers, shipping companies, freight forwarders, road and rail transport operators.

We have the expertise to handle all marine survey and adjusting needs including hull, machinery or cargo (break bulk, containers, bulk cargo or liquids), whether they involve yachts, launches, fishing boats, charter vessels, cargo ships, barges, tugs or super yachts. Our surveyors provide professional services in marine hull and cargo, builders risks, carriers liability, litigation, arbitration, mediation, valuation, marine consultancy and recovery work.

We are available over the length and breadth of New Zealand, Australia and the Pacific Islands. As part of the Cunningham Lindsey Group and also Lloyd's Agent at Auckland we have access to resources and networks throughout the world that we can call on when needed to assist us.
